

By the Lord Lieutenant AND COUNCIL.

J. ROBERTS.

Whereas the Commissioners appointed for rating and assessing the several Subsidies granted to His Majesty by the Parliament, lately sitting in this Kingdom, have in several Counties neglected to make returns of the Estimates of the said Subsidies into His Majesty's Court of Exchequer, accordingly, as by the several Acts for granting the said Subsidies they were required; And whereas also several Collectors of the said Subsidies, have likewise failed in finishing their accounts of the said Subsidies and in paying into His Majesty's Treasury the several sums of money that have grown due within the limits of their Collection although the time limited for the payment of the last of the said Subsidies be long since elapsed; We have therefore thought fit by this our Proclamation to require the Commissioners appointed for the rating and assessing the said Subsidies in such Counties where there hath been any failure in returning into the Exchequer the Estimates of any of the said Subsidies, that they make returns of such Estimates before the twentieth day of November next: And we do also strictly charge and command all persons who have been at any time employed as High Collectors of any of the said Subsidies within any of the Counties of this Kingdom, that they complete their accounts of the several sums grown due for any of the said Subsidies within the respective limits of their Collection, and do also pay into His Majesty's Treasury such sums of money as upon their respective accounts shall appear to be due and owing from them before the third day of December next. And the Barons of His Majesty's Court of Exchequer are hereby required as soon as the said several days shall be elapsed, forthwith to issue out the usual process of that Court against such of the said Commissioners and High Collectors as shall be negligent, or shall make default in what is hereby required from them.

Given at the Councill Chamber in Dublin the 29th day of October 1669.
